Shiva Enfolds Us in Fiery Flames of Spiritual Light

Beloved Devotees of the Sacred Fire,

... Now, blessed hearts, I speak of the upcoming pilgrimage, of which other masters have spoken of late. And I say that I, Shiva, will be there to support the great work of Saint Germain, the Divine Director, the God and Goddess Meru, Casimir Poseidon and all of the blessed masters who will come to share with you and speak unto you through this messenger of light. Yes, I will be there to adorn you in those hours of your devotion and of your attention with these same fiery flames of the Holy Spirit through my manifestation as Shiva. And there will be change within Buenos Aires and Argentina. There will be self-transformation in the lives of all who come and untold blessings of the Spirit to charge forth the light deep within your soul so that as you utilize that light consciously in your lives, you *will* win your victory in this one lifetime. You *will* ascend at the conclusion of this incarnation, and you will reunite with your God Presence in the immaculate matrix of that sacred ritual of the final yoking of your soul to God...
