

MIAMI---MIAMI---MIAMI

ATLANTIS RISING IN VIOLET LIGHT

Freedom for the Americas

February 10-12

“The seventy that we desire is the seven times ten for the anchoring of the Buddhic light through the seven rays through the heart of Miami, blazed through all of the Americas. I will come, Arcturus and Victoria will come. This is a major conference on accelerating the violet flame...”

Such were Saint Germain’s words on November 7th of last year!

We, the heart friends of Miami are making every effort to promote this conference in the Miami area; distributing flyers, sending invitations, carrying personal invitations to special guests in the community; plus using word of mouth. We’re doing all we can to gather Saint Germain’s seventy! In fact, we’re offering this conference free! That’s correct, there is no registration fee! We’re making this conference available to everyone, regardless of their economic means.

Beloved Zadkiel said: “. . . (he) will use this opportunity to arch light from his retreat through you back to Cuba for a permanent spiral and figure eight flow of energy for the ultimate freedom of Cuba and the Cuban people. And there will be a certain action of the light generated between New York City and Miami, washing the entire eastern seaboard with the violet flame action of the two weekends work.”

We, the heart friends and leaders of the prospective Hearts Center of Miami, personally invite you to join us in this most important conference. We need you to hold the balance, with us. We’re expecting many new people. They will be experiencing The Hearts Center for the first time. We truly need your assistance and your light. . . as does our beloved Knight Commander, Saint Germain.

And remember, during the Mexico pilgrimage we were told: *"there is a circle formed between North America and South America and the event in Miami will be the squaring of that circle by the Light of the Divine Mother."*

We have an important mission to accomplish for the Miami area, and for all the Latin American people who are being called by our beloved Masters.

Come join us! And let us know that you’re coming!

We send you all our love and gratitude and say:
Only Victory! For we will be victorious!
